or call 310-689-0089

The company has created the Skyline Series to take advantage of the infill opportunities in urban areas. The Skyline Series offers six mix-and-match floor plans that fit on typical city lots and can easily be customized to various street configurations. By offering standard models, custom design time and cost are greatly reduced to provide people with new homes more quickly and easily.

Marmol Radziner Prefab believes that factory-built homes are the smarter way to build and is constantly looking for ways to bring prefab to more people. The Skyline Series is the latest creation of timeless design and quality.

Lindal Cedar Homes & Turkel Design

lindal.com/dwell or call 1-888-4LINDAL

The two companies have created this new series of efficiently designed homes that are fresh, exuberant, and respond to contemporary dwelling expectations through the intelligent use of shared space, structure, volume, and light. These homes incorporate many principles of environmentally conscious design, such as the use of natural and sustainable materials, passive gain and shading, and natural whole-house ventilation. The warmth and livability of a modern Lindal home comes from clean, uncluttered lines and the inspired use of natural materials.

Lindal Cedar Homes, delivered around the world, provides a lifetime structural warranty with each home and has contributed generously to the American Forests reforestation program on behalf of our clients for nearly 20 years.
